RE: Semi-Annual Lobbying Expenditure Report for Employers of Lobbyists

To Whom It May Concern:

This letter is being written to correct the Semi-Annual Lobbying Expenditure Report for Employers of Lobbyists submitted by the Tennessee Medical Association dated May 10, 2007. The original report contained miscalculated information regarding the reporting period of October 1, 2006 – March 31, 2007. The TEC Supplemental Instructions Document was received the day after our report was submitted, (May 11, 2007) and contained updated information which has resulted in our corrected report.

Specifically, the items on the report to be corrected are item 5 (Total Aggregate Lobbyist Compensation) and item 8 (Aggregate Total of All In-State Events). The corrected figures are as follows:

Item 5) At Least \$25,000 but less than \$50,000.  
Item 8) \$0.00

We apologize for the confusion, if any, created by our prior reports and hope that these corrected figures will clarify any questions that may have arisen.

Sincerely,

Don Alexander  
CEO
